#### Shower For Bride

The Baptist W. M. U. entertained at the home of Mrs. A. D. Reams Friday afternoon with a shower, given in honor of Miss Virginia Andrews, whose marriage to Mr. S. B. Algeo took place July 24. Garden flowers in pink and white with dots of yellow sprinkled among them, decorated the spacious living room where the guests spent the afternoon. A Romance was written for the bride, the letters taken from the words, Andrews-Algeo. A wish book was passed around among the guests that everyone might write a wish for the bride. Miss Inez Lambrecht gave a reading, "Billy's Pets," which was enjoyed by everyone. A pink and white decorated wagon was pulled into the room by a little bride and groom, Betty Lovett and Master Joe Reams, and upon the wagon was a trunk full of beautiful presents. Ice cream and cake was served later in the afternoon. Thirty friends of the honor guest enjoyed this affair with Miss Andrews.

Dear Mother,

I got my pass all right and came in this a.m.

I could not get my pictures made as was \$10<sup>00</sup> when I got here and most every thing had closed on account of a special program the soldiers of one of the camps here were giving, I went to it and spent a very pleasant time there where thousands of people out there on the bay or mouth of the river and nice and cool.

I went up to the Nefas ship's office and found the manager.

real nice fellow. Said they had not heard a word of the W.W. and said if any thing had happened they would have been notified he also said she was heavily armed and is going to drop you a line when he hears she has reached port.

I will write a long letter when I get back to Edge wood.

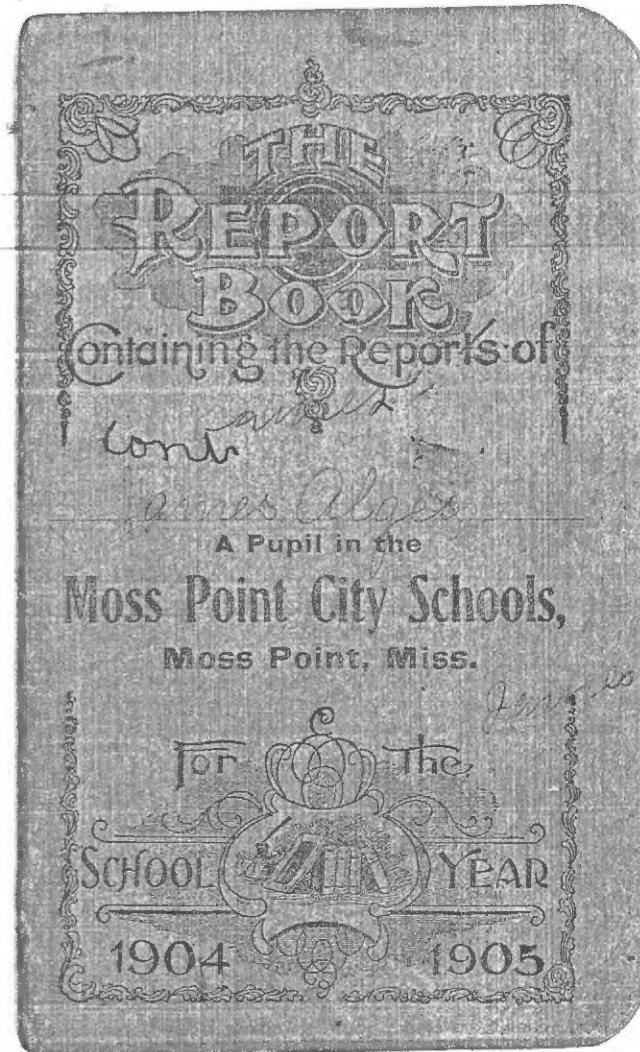

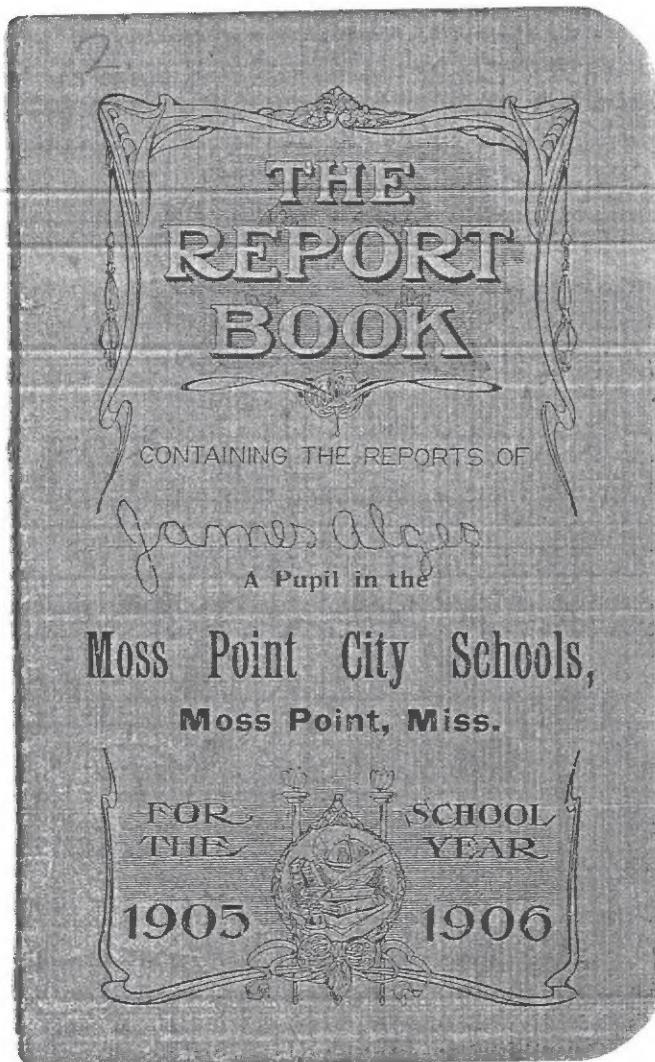

I hope all are well  
No news except there have been about 2000 new men come in last week

If the men had waited for the men who would wait, I shall never have known what it was like to be a mother. In the long, dreary days, and more desolate nights, which were soon in their hands, as during the great struggle in the sixties, the mothers, wives, and daughters passed through periods of uncertainty and anxiety; that were more fearful than those in which they saw their loved ones at the front. But

That office, but it is the same in every, handles all mail and at the end, you find yourself in a dead end ~~defact~~ and ruin cast aside by some other  
tribe. And, it's the gloomy gloom of the Confederacy that clings the  
long and cold winter nights. And, as the days grow shorter, the hair falls in  
cold like a dead man's hair. The floors are silent tracks or at the Hi-Way. John  
the peddler of old, comes, but a little.

Feinschmid's first trial, he said, was "not a good one." He  
said; "all now, with the last point of view, is for him and Hause to  
be held to be innocent except in the last few days of his life,  
it is my opinion the ~~guilty~~ ~~innocent~~ ~~not guilty~~ ~~not innocent~~ ~~not guilty~~  
is the true one. I don't believe he would have had the  
courage to commit such a violent act if he had been guilty."

many existent for Civil War & Mexican War in same.

In the great Wall, which is now 16 miles long, there is no fortification, no narrow defile, no difference in height, no cover or shelter in the way, no refuge in a hollow of a ruined rock, no place where a man can stand upright, it was built with a view to cover

foliage, to cover the eye. You have taught me by your sagacious devotion and skill

the dear youth in my possession your "method of instruction" which I will call the "Moral System" of war.

Soldiers of the Federal army were to depend upon if to south, "bring" you  
lives, fighting for them, and if you are called upon to shun their march  
"scorn and scorn" all ever last before us a man, who guides the host. If  
you do not obey command, I will pray before your birth for you to be born  
To uncertain death of course, which is mortality and is hell, is a present in your  
heart from me now. That blue banner of valor over your breast is more valuable

than the "city and castle," for your desire to follow in your shadow to such a de-  
prived life, and to die in the field of battle, is more glorious than the "city and castle."

It is the first and best lesson to be learned in the school of war,  
that the soldier must be a good soldier, and the good soldier  
and the good soldier must be a good man, and the good man  
must be a good citizen, and the good citizen must be a good

citizen, and the good citizen must be a good husband, and the good husband  
must be a good father, and the good father must be a good man,

and the good man must be a good soldier, and the good soldier  
must be a good citizen, and the good citizen must be a good man,  
and the good man must be a good husband, and the good husband  
must be a good father, and the good father must be a good man,

and the good man must be a good soldier, and the good soldier  
must be a good citizen, and the good citizen must be a good man,  
and the good man must be a good husband, and the good husband

Out-of-town guests attending the wedding included Mrs. Bessie B. Algeo, Mrs. Jack McIntosh and Miss Florence McIntosh of Moss Point, Miss., Mr. Kinross McIntosh of Gulfport, Miss., Mr. and Mrs. B. N. Gross of Birmingham, Ala., Mr. Ben Green of Leaf, Miss., Mr. and Mrs. W. O. Buchan, Master Walter Buchanan and Mr. and Mrs. W. H. Buchan of Tallahassee, Dr. and Mrs. L. S. Cheshire of Thomasville, Ga., Mr. and Mrs. T. L. Smith of Waycross, Mr. and Mrs. A. J. Pert, Mr. James Pert and Miss Emily Pert of Quitman, Mrs. A. M. Peed of Quincy, Mr. and Mrs. A. C. Marshall and Miss Margaret Tichenor of Orlando, Miss Bettye Leak of Tampa, Miss Alma Rembart of Stuart and a number of the bride's sorority sisters from the Tallahassee chapter, Misses Tillie Geiger, Bettye Ball, Julia Cheshire, Jim Turner, Al Cleare, Wyoma Kahl, Mary Evelyn Tompkins, Norma Bauer and Ina Busbee.

A lovely informal reception was held at the Andrews home Wednesday evening following the rehearsal at the church for the bridal party, out-of-town guests and close friends and relatives.

## Andrews-Algeo Marriage Solemnized at Greenville

Characterized by exquisite beauty of detail was the marriage of Miss Virginia Mae Andrews, daughter of Senator-elect and Mrs. George Frank Andrews of Greenville, and Mr. Singleton B. Algeo of Moss Point, Miss., which was solemnized at 3 o'clock yesterday afternoon in the Baptist church at Greenville, Fla. The Rev. A. T. Camp, pastor of the church, performed the ceremony in the presence of a large gathering of relatives and friends of the young couple.

The altar of the church was graced with arrangements of dahlias and asters in pastel shades. Standard baskets of these lovely flowers and feathery ferns were placed at either side of the altar against a background of greenery.

Graceful sprays of trailing vines outlined the altar rail and casting a soft glow over the colorful scene was a myriad of tapers in cathedral candelabra. Marking the pews for the relatives of the bride and groom were bouquets of pastel shaded asters held in place with ribbons of white tulle. A special place was designated for the sorority sisters of the bride, with the double blue and gold colors of the Alpha Xi Delta sorority evident in the ribbons and flowers.

Preceding the ceremony Miss Alice Sims of Madison played an appropriate and beautiful program of piano music. Evening Star by Wagner and Traumerei by Schuman were played while the guests were assembling, and To A Wild Rose by McDowell, during the ceremony. Mrs. B. N. Gross of Birmingham, Ala., sang "O Promise Me" by Reginald De Keven and "You" by Mentorross. The Bridal Chorus from Lohengrin was used as a processional and Mendelssohn's march as a recessional.

The bride was given in marriage by her father and had as her maid-of-honor her sister, Miss Grace Andrews, and the bridesmaids were Mrs. Martin Shollar, Miss Florence McIntosh of Moss Point, Miss., cousin of the groom, Miss Julia Cheshire of Thomasville, Ga., Miss Freddie McLeod of Greenville and Miss Murray Lou Andrews, sister of the bride, acting as junior bridesmaid. Little Miss Emily Pert of Quitman, Ga., cousin of the bride,

was an arm bouquet of pale pink rose buds tied with a tulle bow.

The youthful bride was never lovelier than in her wedding gown of white Doris crepe satin, modeled with graceful Princess lines, with rippled skirt falling to the floor. Her veil was fashioned of Chantilly lace and silk tulle and was caught to her dark hair with a wreath of orange blossoms, and fell in a graceful train from the back. She wore white kid slippers and carried an antique lace handkerchief, used by generations of brides in the groom's family. Her only ornament was a handsome pearl necklace, her bridal gift from the groom. Her flowers were a bouquet of bride's roses showered with lilies of the valley.

Mrs. Andrews, mother of the bride, wore a handsome gown of Alice blue chiffon trimmed with cream lace, with bat of Neapolitan braid, and kid slippers in a light blond shade. Her flowers were a corsage of pink rose buds and valley lilies.

Mrs. Bessie B. Algeo of Moss Point, Miss., mother of the groom, was handsomely gowned in black chiffon with which she wore a corsage of pink rose buds.

Immediately following the ceremony Mr. and Mrs. Algeo left in their car on a motor trip down the East Florida coast. Mrs. Algeo traveled in a modish ensemble, navy georgette with flesh chiffon blouse with which she wore a navy taffeta hat and other accessories to match.

The bride is the charming and accomplished daughter of Mr. and Mrs. G. Frank Andrews of Greenville, and is a popular member of the society set and a social leader in her town. She was educated at the Madison High school, being a graduate of the class of 1927. She attended the Florida State College for Women in Tallahassee for two terms and finished her education at Brenau College, Gainesville, Ga. She is an accomplished musician and a popular member of the Alpha Xi Delta social sorority.

Mr. Algeo is secretary and treasurer of the Leaf Lumber and Veneer Works at Greenville, Fla. He is formerly of Moss Point, Miss., and has been a resident of Greenville for about a year. Both he and his bride are popular with a wide cir-

cle of friends who will be interested to learn of their marriage. On their return from an extended bridal trip they will be at home to their friends at Hotel Andrews, Greenville, Fla.

was flower girl, and was  
Jr., of Tallahassee, as ring bearer,  
carried the ring on a white satin  
pillow.

Mr. Algeo had as his best man  
his cousin, Mr. Kinross McIntosh, of  
Gulfport, Miss., and the groomsmen  
were Messrs. Martin Shollar, Carlos  
Bird and Frank Vickers of Green-  
ville and James Peit of Quitman.

The first to enter the church were  
the groomsmen and bridesmaids and  
they were followed by the maid-of-  
honor and flower girl, who preceded  
the bride, scattering rose petals in  
her pathway to the altar.

The bride entered on the arm of  
her father and they were met at the  
altar by the groom and his best  
man.

The little flower girl was gowned  
in a frock of flesh pink chiffon,  
made Empire style with long ruffled  
skirt and trimmed with a huge bow  
of tulle in the back which fell in  
sash ends to the hem line. She car-  
ried a dainty French basket of pink  
rose petals. The ring bearer was  
attired in a white satin suit with  
crepe-de-chine blouse.

The four bridesmaids wore gowns  
modeled on similar lines and fash-  
ioned of pastel colored chiffon. The  
model chosen was high waist lines  
with long graceful skirts ending in  
tulle flounces, the only trimmings be-  
ing a huge tulle bow in the back  
which fell in graceful sash ends to  
the floor. They wore picture hats  
of Neapolitan braid trimmed with  
velvet ribbon in shades to match  
their gowns. Their flowers were  
arm bouquets of pink roses tied  
with tulle bows.

Mrs. Shollar's gown was in a love-  
ly shade of pink. Miss McIntosh  
wore green, Miss McLeod, yellow  
and Miss Chehire was lovely in or-  
chid. Their dainty kid slippers were  
in shades to match their gowns.

The Junior bridesmaid, Miss Mur-  
ray Lou Andrews, wore a lovely  
frock of pale blue chiffon modeled  
on Empire lines, with the skirt  
fashioned of ruffled tulle and fin-  
ished in the back with a large tulle  
bow. Her hat was in Neapolitan  
braid trimmed with lace and pastel  
shaded velvet ribbon. She carried  
an arm bouquet of pink roses.

The maid-of-honor, Miss Grace  
Andrews, wore a becoming gown of  
powder blue chiffon fashioned on  
a Princess model with the long skirt  
ending in ripples at the floor. Her  
hat was a picture model in trans-  
parent braid, lace and velvet ribbon  
trimmed, to match her gown, and her  
slippers were also in a correspond-

P.S. from my son  
So will close as want to wait until I<sup>2</sup>

John

Dearest Mother, —

Well I am  
back on the river. I was  
35 minutes late but I  
got the B & O out at 10:30 so  
got here at 11:30 and had  
plenty of time. We will probably  
be here until Monday or Tuesday  
and finish cargo at Wilmington  
Del but won't be there long  
as will only take 1,000 tons  
there. May could have got  
an extension but doubt it

Had a very nice trip  
coming up but some did  
have to leave you and the  
home folks. Won't get home

as one of our men is  
in the hospital and the  
other one is going to be  
transferred.

It is April, as the other man  
has had to sit in pretty  
close and is going.

Mother do take good care  
of yourself and try not to  
work too much. Remember

you are all that I have left  
now. Be brave as you can.

I know that you will never in June to see all was  
get over it not his death but  
remember there is one

Brother with the pictures dated  
April, one from you 6/29-18  
one from K 6/26-18 and one  
from Aunt Florie waiting  
here for me. Aunt F. wrote  
dated but was before I left  
and was when you were  
sick. Also one from Uncle  
old mail.

who rules and guides over  
us all and while some time  
it seems like we can't care  
if the only thing we care  
is to pull our whole trees.  
we don't think nor not.

only my brother by blood  
but also paternally, a father  
to me and also the best  
friend & it ever had so it cer-  
tainly hit you me to lose him  
and always will give me a  
lot less. But when I saw him  
he's from this world to the  
next with that quiet, peaceful  
look on his face it knew he  
was the end of him alread.

Saltinor, 1nd.  
Oct. 20, 1918.

Dearest Maud:

Well we got word today that we will probably be here three or four days to have some work done on our engine. Did not find out until last night. The chief said that he would have wired me an extension if he had known it but first we knew about it was last night.

We've lost our other two radio men due to the hospital and others to Norfolk. The two new ones both seem to be good fellows so don't think we will have any trouble. From general looks of things will be here till Friday and then take rest of cargo on at Genoa, stop and there to Genoa

Maud I guess you got my telegram about my masonic receipts. I left them in the top dresser drawer in your room and guess will get them C.S. if you got the wire, if not send them at once. Look when you send in to next it send for

two years 1918 & 1919 as I would rather<sup>2</sup>  
have the receipt for the year they  
pay at the end like they do. It is so much  
better in visiting too.

Also write Washington about my  
insurance policy as you ought to have  
it now and guess it was oversight on  
their part.

Don't forget to notify Appelli and  
also be sure if you havn't paid Oct. dues  
to get them there as it is overdue now <sup>1st</sup> if  
you havn't already paid for them. While I  
was ther' there were so many who paid  
me either the <sup>seventh</sup> ~~first~~ of the month or payday  
for the mont before and really did not  
think about it until explained. For instance  
Oct's dues are due Oct 1<sup>st</sup> but you have  
until the last day to pay them so if it  
suits you it is best to pay in advance.

I can't seem to realize that I will  
never see Brother's smiling face again. It  
seems like a dream to me but then there

is the picture of him always in my mind. That was the first death I ever witnessed and always did think I would dread it and it would haunt me the rest of my life but when I saw this world's life gradually changing to one brighter and everlasting I made up my mind then that it was the work of the divine and while he was dearer to me than anyone in the world save you and also though it nearly killed me to know and see that he was gone my only faith to hold me up was the phrase "Gods will be done". I always will be thankful that I was there at the end as words could not pray for me seeing the peaceful look and expression he wore when he passed from this one to the one where one lives forever and ever. X

I guess you will have some work done on the lot when I get back and anything suits me that does you. I would let such have "as he wants me

and it will suit both I think. my  
idea was to enclose it like Uncle Jacko  
and there have just one strip to divide  
instead of making two distinct lots  
and having space at middle. OURS SINKS

Another thing which I won't mention  
but one can't tell and I know this to be  
his wish and anything he wished he  
certainly will get as he was so dear to me.  
When you select the monument be sure  
and have the masonic emblem on it.  
Something like Alisters or any nice one  
with the square and compasses and letter  
G and also the N.O.W. emblem too but  
of course you don't have to have their  
regular one. They furnish \$100 or any  
so suit yourself as to what you get. This  
is ahead of time but I want you to  
know my wish and his and I feel certain  
whatever happens that it will be done.  
Am expecting a fine trip and hope I  
can get home next trip. Be brave  
dear mother and remember that there is  
one above us who rules and guides us and  
that it was his will that our dear brother and son was taken. Your  
son and wife

6th Mar. 2, 1918.

Dear Mother,

Received yours

of 27 & 28<sup>th</sup> last night and  
was glad to hear from you.

We are supposed to sail today  
but think we will be lucky  
if we get out by noonday.

Yes I guess the wind will

make allittle difference to you  
but it changes so much with  
us until we didn't notice it  
this time.

Yes the snow will please

pleased and said there  
were a fine bunch he  
was working for. The hospital  
work did not suit him  
the he did say so sic so  
many words. You know that  
he never could stand that  
kind of work and then he  
worried about catching it.  
The main thing not to do  
when you get flu is not to  
worry and knew what the  
boys said there he worried  
too much. It was thinking  
of us and I am not

Made him do it and of  
course it's impossible for  
any not to believe they are  
sick and away. He wanted  
you to know but then he  
didn't want you to one of  
of worrying. He was so good  
and thought so much of us  
that he would give his life  
I know. He did not talk  
very much and I did not  
cough and restless too talk to  
much and the doctors said  
it was hard on them to  
cough or worry. He asked me  
all about the trip and I am

I was getting out also said  
he liked his regular work better  
but wanted to change so he  
could go over and see him.  
He said a few remarks  
about Larrie after I had read  
his letter and also wanted  
to write you and his the  
next morning. I suggested writing  
but he said he would feel  
better in the morning and  
would write then. I didn't  
know just what to ask him  
and then I could not stand  
to see him cough after talking  
too much.

The rested very good. We  
walked along and then  
would awake for a little  
while. He must not have  
suffered very much as he did  
not complain or show it very  
much. Once or twice he said  
he had a pain around his  
heart, but said it was over in  
a few minutes and had just  
ottenet him once or twice.  
He stod the critis well  
but I guess it was God's will  
that he should have him,  
when I first saw him and

short handle with wire.  
he seemed so happy to see  
me. I asked him did you  
know and he said that he  
had written and wanted to  
know should he write and  
then he said he thought it  
best so I did so after seeing  
the doctor there letter and  
he asked me to write Anna  
but am afraid she did not  
get it. I tried to get it there  
down at the station but could  
not find three hours so I  
sent it from the hospital  
but then had to send it  
back so I don't know

it got there at all. The last  
one to her I got a Leichentuh  
to have sent paid and deliv'ing  
so she got it. The first time  
I couldn't all were supposed  
to be sent collect but he made  
special arrangements to get this  
there for me.  
Just before his death he  
spoke of having what clothes  
he had and match one of the  
boys had for him. There and  
once or twice more he spoke  
the broken phrases and could  
not quite get it all. He would  
be delirious just for a few  
moments and then come to

When he spoke of his clothes  
I knew then that he was in  
a dangerous condition. The

doctor said then that every thing  
depended on him keeping up  
his hopes and not to mention  
death or refer to it so I tried  
my best to keep his spirit up  
but in vain. He talked to  
the Dr. and said he thought  
he would be up in a few days as  
he was feeling better. This was  
less than an hour before the  
Axie. and in the crisis. He  
knew that you were coming  
right at the last and took  
me was very weak then and  
there for a few moments

was half delirious but never  
did he struggle or talk loud  
or out of the way as so many  
do. I did the very best I  
could.

I knew how far him and us.  
I knew that you would want to  
know what he said etc. but I  
knew if I told him that you  
were coming that it would  
upset him entirely and tho'  
I knew them that if would  
mean sacrifice for you I could  
not stand to see him worry.  
The nurse you met talked to  
me and asked me all about  
him. I wished her a blessed life. I

without a struggle and while  
I can see he saw death he  
did not mention it but was  
ready to face it like a man.  
While his death is a hard  
blow to you you can be assured  
that he died with his country's  
uniform on in time of war.

I just received yours of 3-25  
and glad to hear that the fever is  
about over. The house is entirely  
lifted here and every thing normal  
again. Haven't been ashore  
in the least much or so we  
can't tell you any news. It is so  
so inconvenient and there don't  
know where we leave until I  
don't care about it any way.  
Love to all. Supt.

Dear Mother:-

So far we have received no mail from you so guess I will write again. This is a nice little place in its way but don't like it as well as Genova. Can't say yet whether we will go there or not but hope so.

Are having regular summer weather except it rains about every third day. So far though its been nice and warm.

Guess we will be back some time next year and sure hope I can get a discharge but of course can't tell anything about it yet.

Suppose by now you have every thing straightened out and hope your lost brother is brought. I don't think I will ever be able to realize that he is gone forever but lets hope it was for his best even though it makes

it hard on us.

I sent out a few Xmas cards but can't say that they will ever get there as mail don't receive so much attention as there is so much going back now.

Wish every one a merry Xmas and happy new year for me. Hope that every one is well and that you are in good health but don't guess you are as you have been under such a strain the last two months.

Will write again next week. There's no use writing every day as the mail don't go out except on schedule and one letter will do.

Hope you recieve this all right and remember that I am always thinking of you so don't try and overwork yourself and have a break down.

Lovingly,

Dear Mother,

Well I am still here quite & feeling fine. We have no work to do at all so far just stand by. It has been a very bad day, snowing and blowing all day and pretty cold too.

Hope you rec'd my letter about affidavits and have acted on them at once. Can't tell when my records will be here but guess the affidavits will beat them here, however I want to have any thing ready. In the Navy you can't do a thing without a pay number and can't get one till my AFCS get here. Of course can't tell us there are a good many requests getting turned down but I am hoping and praying every day that I do. Will write more later on. as think we may get a 48 hr. leave. From now on send mail to

N. Y. Recining Slip Bay Ridge

Be sure you get in all in as  
it takes time for it to get here.

There are one or two learning  
here every day for home and  
every time I take one I think  
just how long before it  
will be my turn to go. I  
know I deserve one as much

I hope you are feeling well

Dear Mother:-

Received yours of the 6<sup>th</sup> and very glad to get it but guess you forgot to enclose Mr O'neils in it. Sending you a night letter and if you send affidavit from some doctor I think I will be able to see Capt. and maybe get quicker action. There are so many trying to get out on dependency claims without dependents that they are pretty strict and would rather have a couple of extra ones to show in case they wanted them. This station is allowed a one per cent quota for May. but it may be more, hope so at least.

They begin to look at claims about 124<sup>th</sup> of this month and think I will get my approval alright.

Guess it is home now and am sure Aunt Mag is glad. No you are not interfering with me at all as I have had all I care of many and more too. During the war it was alright

tomorrow and will send a package home with some underwear and junk that I havn't room to pack around with me. Will also get a pair of shoes too I guess. Have been putting off for quite a while as I sure hate to buy them.

There is not much news to tell. Men are coming in, going out and getting out every day.

We are right here by river and can see the ships come in and going out. Guess some big man is coming in now as they were firing salutes a few minutes ago. Ships came in a few days ago and there was quite a big celebration of ships and salutes. Troops coming in has already got old here and people take no more interest in the return of the ones who fought for them. It looks as if N. S. is going to get the bad end and like Johnston of Cal., said some one had better stay and look out for N. S. Also I see where the soldiers in Russia are uprising on account of having to fight there

but I can't see anything in it now and there is entirely too much red tape and regulation to the outfit. Half the time you are not doing them any good and have not the time to do yourself.

The old commissary would be a paradise now besides this outfit. Of course I had a little hard work and worry but was not tied down like you are in the Navy. Don't think I am picking as I did not mind it during war and now have got used to it but was just trying to explain that I was not injurying myself in getting out.

Give me a good bed and a table where you can sit down and eat in peace and a job of some kind again and you'll never hear me say I want to get back in Navy.

We are having fine weather now and am feeling fine. Am going over to Jersey City

under Eng. and Jap. when N. S.  
is not at war. Hope it does  
not develop into another war  
as I have had enough for  
one life. Will head to knock  
off for an hour for supper, so  
will try and finish so I can  
get this off tonight.

Hope you are feeling  
better and don't worry as I  
am doing my best and  
am satisfied that I will be  
home again before much  
longer.

Write when you can  
as I always am glad when  
I get your letters as they are  
so comforting and encouraging.

Dearest Mother..

Received your. of 9<sup>th</sup> today  
and sorry to hear that it had not  
arrived yet. Guess maybe the Army  
is slow except to certain big dimensions  
which they have to let loose at once  
or public will complain. There is quite  
a lot of time spent in the outfit  
that you are doing no good to them  
and can't do any thing for yourself.

I like the sea fine and  
make go back some day but never  
will I go in the Navy as there  
is a little too much red tape in it  
to suit me.

The 24<sup>th</sup> is drawing nearer  
every day and I sure am going to  
do my best to get discharged and will  
sure do my best there to make us  
both happy. Have not fully decided  
what I will do if I get out so will  
take first thing I can get and then  
try and settled down to some  
trade. If it will be an honorable  
discharge in accordance with Regulation  
issued by Navy department do don't  
worry on that score.

Everything can't turn out to suit us and we have to take things as they come and make the best of them. It was just like killing me when I saw the life fading away from the best friend who would have done anything he could for me - I ever had or ever will have in this world. Guess I will notice it a great deal more when I come home not to find him and ask his advice about different things. We both lost our best and truest friend and now there is only one way to ask his advice and blessings.

If I get out do you want me to stop over in Baltimore and try and get the pictures. If so let me know in next letter. We get 2<sup>d</sup> fare I think but its only good 48 hrs. after discharge but if you wait may can arrange for stop over.

If I can't get out we will wire you as Frank can do what we can for me but think I will have no trouble. The hold back is all have been discharged that are allowed this month so think I will get out first week of May.

Sure day and feeling fine.

Your loving son  
Sam

Yes I hated to leave the mrs.  
as I certainly was treated fine on  
there but would have had to any  
way as they are taking all 1st yr men  
off of merchant ships any way. How  
ever think I can get back on some  
of the Napa Cos. ships if I want to  
in civilian life but don't care to  
now as want to be on land  
for some time.

Yes the first home coming was  
sure sad but there again it was  
sure a blessing and has sure  
saved me lots of worry as I was  
there and saw that he got good  
treatment and every thing possible  
was done that could be. One of  
the nurses was with him practically  
all day and night and from things  
I've heard and seen I would never  
have believed he got as good treat-  
ment as he did had I not seen  
it with my own eyes. It was God's  
will only I wish he had deemed  
it to take me in his place as he  
had such a bright future and had  
always been a better man than I

Dearest Mother:-

I received a letter from you yesterday and was very glad to hear from you.

Well every thing is going on about as smooth as possible. Finally succeeding in talking to the Capt and he seemed to be a nice man but said he was tied down now and could not let any one out on dependency until 75% and then only a small percentage. He said there were numbers he would like to let loose that had mostly cases but he was tied down so tight by the Navy dept. until he could just let a certain number out a month and this month quota was filled. Said to file it for them and thought it would be accepted.

The flat came in the other day and guess it will take a bunch of men from here but sure hope I can get my request acted on before they get the com. in. A chief

but it sure did break our little home up and the only thing that quiet me now is hope that I can get out and have another little home for us but it can never be the same as our dear son and brother will never again be with us on this earth but will try my best to comfort you and we can live in hopes of meeting him beyond.

I have not been ashore for three or four days as has been raining and I have did not care much anyway. Intended going to a show tonight but the weather turned out to be too bad. You can see very good shows here at moderate prices by getting your tickets thru different clubs etc. Also found places to eat where prices are dirt cheap ham and eggs .20 for instance and its real goods too.

New York is a good place and one can get by fairly cheap if in uniform and knows where to go but of course did not know all this when I first came. Now I don't think it will cost as much and can also spend a more pleasant afternoon.

promised me to try and keep  
me here until I had a chance  
and guess maybe I can stay but  
of course can't tell exactly. Have  
been doing everything I could to  
get out and now all I can do is  
to wait until the board acts on it  
the 25th. I have not given up  
hope and fully expect to be home  
once again within a month at  
least so don't give up hopes so  
soon as things move so slowly here.

Well I got my shoes today  
and also some underwear and I say  
and believe me it sure is high. Got  
the shoes new at regular navy price  
so it saved me trouble of drawing  
them as usually takes 3 or 4 days.  
They charge 6.75 and 1.00 for under-  
wear but the underwear is about  
twice as cheap as outside and guess  
the same shoe would cost more.

Guess it is home by now  
and know he is happy if he  
is as guess its about the same  
in the army as the navy. Its  
alright for those that like it

If there is anything I can do for you while here be sure and let me know and will do the best I can for you. Don't send any money now as I will get paid Monday and will have plenty. Will send you back the \$5 as soon as I can. If get discharged will have it all for you. Don't think I am worrying about it as I know you can get what you need and if you ever can't let me know.

Slope every one is well and give my best regards to all the folks down there.

Am well and feeling fine only one thing I care for and think I can get that in May.

Write soon.

Dear Mother:-

I received yours of 21<sup>st</sup> today at noon so its getting so mail gets here pretty quick now.

Well I took my request up to the discharge office today. All you do is hand it in and then give you a reference number. Guess we will hear from it some time next week and sure hope and pray it is approved. There are so many wanting out but I have banked so on getting out until it sure would hurt me not to but if so all I can do is wait and try again.

Yes there are quite a few reserves still going to sea but it won't be so much longer before they are released and then they are getting the best jobs now any way so that should not worry much over it.

Yes we keep our bag and all clothes but our hammock

our said Atlantic fleet was over  
here until after armistice was  
signed. The smaller ships; destroyers  
S.C. and about 6 B.S. were the  
ones who did the damage work.  
I rate one but could just as  
well wear & home so you see  
how it is done. It good many  
wear extras when they go home to  
show off but there is no gain  
to that. Guess I saw as much  
action as the average in the navy  
as we saw. 2 ships go down and  
also were attacked in Med. another  
time but if we should have been  
hit its not likely any would have  
left to tell the story.

Got Brothers picture and was  
glad to get it but it brought  
back sad memories to me. Some  
times I get to thinking of getting  
out and what we will do when  
all at once it comes to me that  
he has gone forever to a place  
where you don't have to worry and  
fret over life's problems.

and mattress is turned back to port. We pay for all except bag, hammock and mattress and they give you bag to carry your clothes home in.

Guess he can give quite a story and hope him luck in speeches but heres one if he gets home without worry over speeches or publicity. All I want is a place to work and then a house for us two. Got a letter from K today and we seem to be having a good time from what he wrote. Tell him will drop him a line in a day or so and not for him to lead too high a life and be sure and tell the truth about all his experiences.

Guess Stewart had on a few extra as the most our in Navy can rate is two unless he has been torpedoed and I don't think we had any battleships sunk, she may rate 2 but I doubt it as most of

Dear Mother,-

I received yours of 23<sup>rd</sup> today at noon just before I left for town. I at last got up courage to have my picture taken and will get them Monday. Wish now I would have got them in Spain as they are lots cheaper there. Hope they will suit you as it was a great exertion on my part but am glad I had them taken as know you will appreciate them.

Yes life's struggle is hard and one never seems to bother about the down trodden and unfortunate. There are so many in this world who have been up against so many trials and tribulations in the past but the only bright side of life is the future. That we can look ahead and plan for although it rests in ones higher hand what the outcome will be. You have

certainly seen trials and when  
once we were situated so nice  
and happy it was interrupted  
first by me, then by our home, next  
by our loving son and brother but even  
then we lived in hopes of being  
together once again until the  
terrible blow fell and now there  
are only us two left. May God  
see fit to guide his hand toward  
our happiness that I may be

a home. We will have to take  
what was handed to us in the  
past with a brave heart and  
try and live right and live in  
hopes of seeing brother in the

Don't know just how long it will take to get home but not much longer than from Baltimore as it is only 6 or 7 hrs. from here there. Will write when I will arrive when I get my discharge which I hope and pray to get the next week or sometime soon after that.

Had quite a snow here this morning but did not last very long but is some colder now than last few days. One day is nice and warm next cold and next a wind storm or snow so its worse than there.

I felt sure that you would be anxious to see the write up before it would come out in the Mobile Register, so I'm sending it to you as it came out in our County paper & will not be in the Mobile paper until next Sunday, it will probably come out in the Florida Times Union Sunday, though I am not quite sure. You will notice the other two clippings also.

This is as near like every thing was as I have ever seen written, & I think you

I am sure that with you & I this has been an event that will long be remembered. I have never seen a couple quite so devoted to each other as Link & Virginia are, & I just know that they are going to be very happy.

I know that you all are tired out from your trip. I have rested just about 30 minutes today, just when I was already for an afternoon's rest. Grace & Dr. Bowen came in & of course I had to get
